

ClothWorks

Downloading and Installing

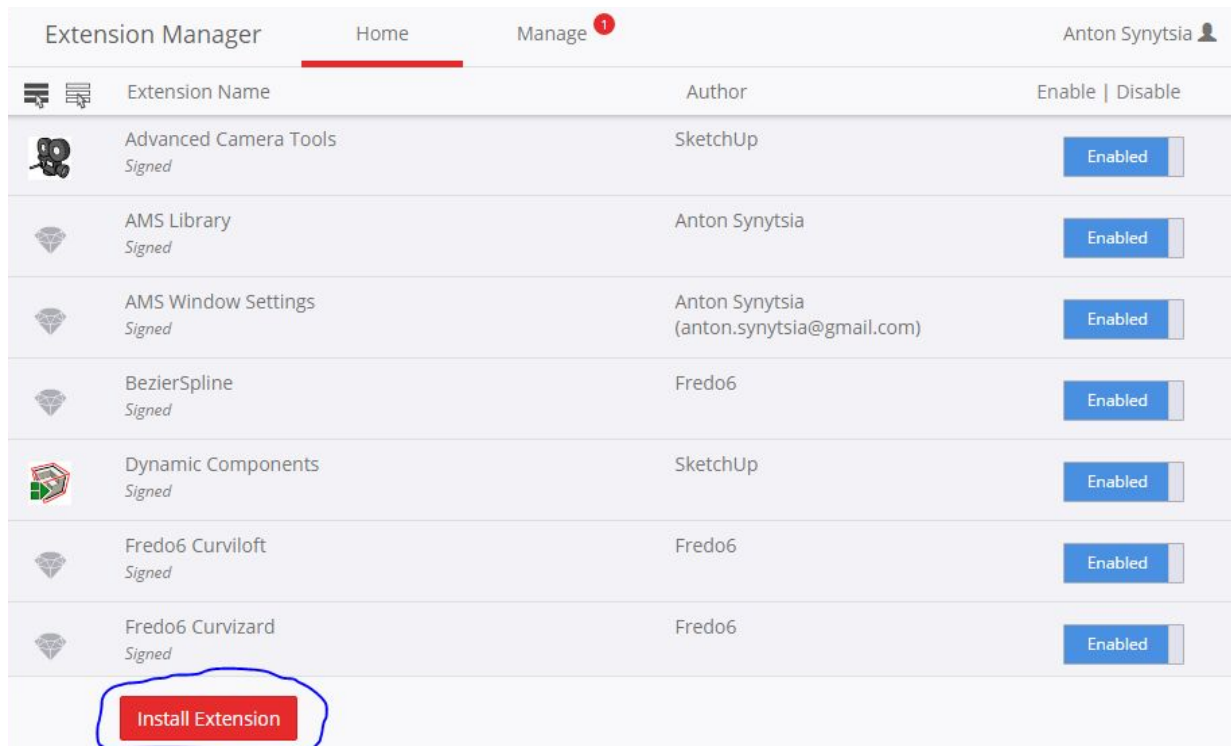

This guide explains how to download and install ClothWorks on Windows. The installation steps for Mac OS X are the same. Please refer to the following steps to install ClothWorks:

1. Navigate to <https://sketchucation.com/plugin/2053-clothworks>
2. Sign in / Sign up to SketchUcation
3. Click on the download button:

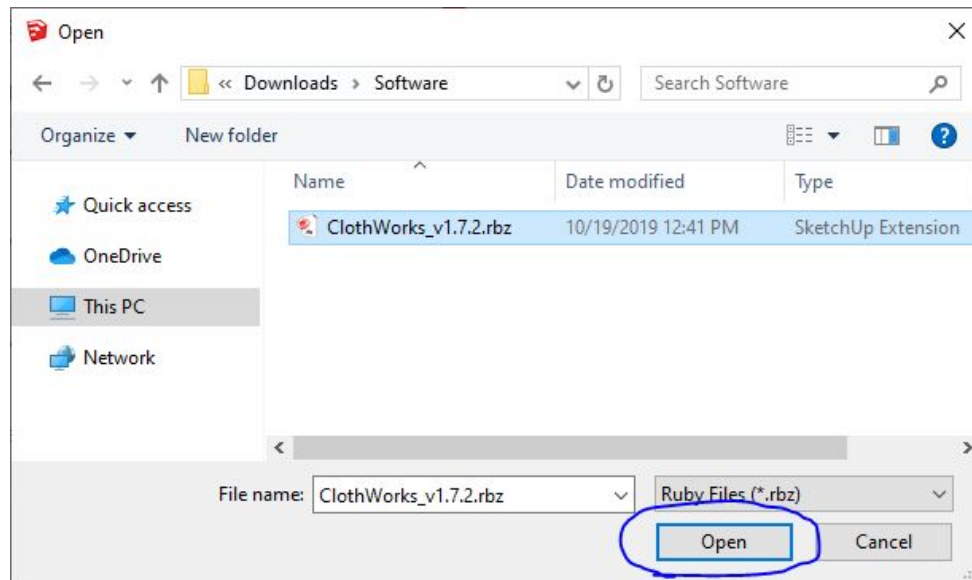

4. Open SketchUp
5. Access the menu and select **(Menu) Window → Extension Manager**.

You should see the Extension Manager window; click on the **Install Extension** button:

6. Select the downloaded RBZ file and click the **Open** button:

Upon installing, you should see a ClothWorks toolbar:

7. ClothWoks also uses SketchUcationTools for licensing. Repeat the same process (steps 1 through 6) for installing the SketchUcationTools: <https://sketchucation.com/plugin/696-sketchucationtools>
